ORDER:

In the G.O. 1st read above, a Mining Lease was granted in favour of M/s.Grasim Industries Limited for Limestone over an extent of 951.848 Hectares in various Sy.Nos of Petnikota (V), Kolimigundla (M), Kurnool District for a period of (20) years from 27.04.2004 to 26.04.2024 as per the lease deed executed by the ADM&G, Banaganapalli vide his Progs, dt.27.04.2004.

2. In the G.O. 2nd read above, orders were issued reviving the M.L. of M/s.Grasim Industries Limited for commencement of Mining operations and for construction of commissioning the Cement Plant in the M.L. area as the M.L. deed was executed during April, 2004 under Rule 28 (A) (3) of M.C. Rules, 1960.

3. In his proposal 2nd read above, the Director of Mines & Geology, A.P., Vijayawada has submitted that on verification of DGPS surveyed plan it is noticed that certain Sy.No's (i.e. 258, 259, 265, 268, 274, 275/1, 275/2, 276, 277, 278, 280, 281, 282 & 286 of Petnikota Village) for an extent of 29.409 Hectares are overlapping with the leased area of M/s.Madras Cement Ltd. Further, certain Sy.Nos. (770, 763,764, 765, 766, 767 & 787) for an extent of 9.255 Hectares are repeated in the total extent of 951.848 Hectares. As per the manual extent after deleting the overlapping area, repeated area and error as per the FMB, the area is arrived as 912.797 Hectares. But as per the DGPS the area is arrived as 923.478 Hectares. The difference in between manual and DGPS extent is 1.17%, which is well within the permissible limits. Keeping this minute, variation recommended for modified lease plan for 912.797 Hectares as this variation is on account of ground uneven surface and unpredictable and unforeseen satellite and transmission errors. This area of 912.797 Hectares virtually falls within the leased area of M/s.Grasim Industries Limited. Accordingly, the area of existing Mining Lease shrunken to 912.797 Hectares to
